

Child Care Design Architects/Outdoor Playspace Designers

The following list was developed by Child Care Options Resource and Referral in response to requests from individuals and organizations in the child care field. This list is not intended to be a complete or extensive listing. It is recommended that you contact Fraser Health Community Care Licensing (604-587-7610 for Surrey/White Rock or 604-507-5478 for Delta) for regulations and local guidelines if you are interested in designing and developing a child care centre.

It is recommended that people in the process of choosing an architect read the following publications of the Architectural Institute of BC (AIBC):

- **How to Find, Select and Engage an Architect**
- **Tariff of Architectural Fees**

These publications can be found at the AIBC website: www.aibc.bc.ca

or contact them at:

#100 - 440 Cambie St, Vancouver, BC V6B 2N5

Phone: 604.683.8588 or Toll free: 1.800.667.0753

The AIBC sells the “Canadian standard form of agreement between client and architect” (approximately \$15), which they recommend using to establish a contractual agreement with an architect. See “How to find, select and engage and architect” for more information.

Thanks to Westcoast Child Care Resource Centre for their information package. This information is presented as a resource.
