

WELCOME TO OUR VIRTUAL MARKETPLACE

The marketplace is an integral part of our conference, bringing together organizations and child care providers, promoting early care and education materials and information. Although we are unable to come together in person, it is more important than ever to maintain our connections. We have adapted our marketplace to nurture these connections, to our vendors and community partners, to you, and to each other. See below for ways to interact with our vendors and community partners online and links to their social media.

THANK YOU!
