WINTER 2025

TRAINING REPORT

Winter is here, as it is every year. Consistent yet temperamental. It is a time for tradition and routines, novelty and new beginnings.

As educators, we must stand tall in our knowledge, practice, and lived experiences (a strong pedagogical backbone, if you will) while truly valuing and listening to the children and families in our care. Keeping those sentiments in mind, Child Care Options CCRR is debuting Open Studio Time. We believe that by giving educators concrete experience we can enhance our practice and pedagogical choices. This includes the creative materials and tools we use in our programs. Please see page 5 for details.

Just like how winter looks different across the world, we cannot assume everyone has had the same lived experience with art and its various mediums. It is our hope that, through the professional development and networking opportunities we have scheduled this season, you can find the strength to be strong in the image of yourself as an educator while uplifting your children, families, and community.

We hope to see your faces, virtually or in person, soon. May we share a warm beverage and some cheer!

Sincerely,

The Child Care Options CCRR Training Team
Daljit, Ellen, & Tamara

POSITIVE BEHAVIOUR MANAGEMENT THROUGH BUILDING POSITIVE RELATIONSHIPS WITH CHILDREN AND CO-WORKERS

Thursday, January 9 • 6:30 – 8:30 pm • 2 hours • Cost: \$20.00 • Online

WOW! That is a long title but it's always on our minds!

Whether you are new to the field or feel like you need a refresher, it is always good to look at how others deal with challenging behaviours.

We start by looking at what we believe about children and the people who care for them. We will explore what can cause children to act out in ways that make us uncomfortable. From there, we go on a journey exploring all the aspects of our programs that affect children's behaviour, both positively and negatively, and how we can assist them in growing in their relationships with others and themselves.

Presenter: Cindy Curry

Cindy loves learning and sharing her passion for child-led play. She is energized when she can inspire others along the way. She has dedicated over 35 years to early childhood education and has worked in many types of programs, including group family child care and forest and nature schools.

Currently, Cindy is the director of a rural child care program, instructs at Red River College Polytechnic, facilitates workshops, and advocates for children connecting with nature. Through conversation and hands-on provocations, we hope to uncover questions and make discoveries through experiments with sound, music, and movement by applying multiple mediums both conventionally and unconventionally.

TRYING DIFFERENTLY: A POSITIVE APPROACH TO CHALLENGING BEHAVIOURS

Monday, March 17 • 6:30 – 8:30 pm • 2 hours • Cost: \$20.00 • Online

Most professional approaches to challenging behaviours do not recognize brain development and the power of relationships. Instead, interventions often target presenting behaviours for change. Trying differently means expanding our range of options and moving from punishing behaviours to understanding them, and changing the environment and our expectations of the children/youth. This workshop is designed to help professionals shift from changing the child's behaviour to reframing perceptions, changing the way they respond to the behaviour through relationship and strength-based strategies.
